

FORD F-650

XLT SUPER DUTY

Ford F-650 XLT Superduty
converted by RSocialClubTV

Ford F-650 Has a bad sector, there only 2 seats, they need more scripts to complete the truck. They compare the truck in GMC Topkick C4500 and Ford F-350 Superduty for their sizes which is big and heavy. The gameplay of the truck which is the camera lock or the chase cam, is very close to keep the whole truck to see, is change the overview or the First Person mod in Grand Theft Auto IV only. Press the 'L' while in game to see the top view of the truck how large. They put the parameters; handling, vehicles & carcols. The truck can place any vehicles that it measures the length and width, especially trucks and pickup trucks. The truck comparison in their size. The truck Ford F-650 XLT Superduty will be the Grand Theft Auto IV's largest pickup ever built and converted by RSocialClubTV. The following steps and their installations are as follows from below.
